The 4-Cylinder Oldsmobile Palace Touring Car, \$2,250.

This is a big picture of the car that accomplishes big things—the four cylinder Oldsmobile Palace Touring Car.

We want the picture to show up big and strong and beautiful, just as the car itself is big and strong and beautiful.

We hope every interested man and woman who sees this picture will come and look at the car itself and let us show its merits by actual demonstration on the road.

As a matter of fact, this car is the last word up to date in automobile construction.

Money will not buy better, for better is not made.

Therefore, you may pay more than \$2,250, which is the price of this car and maybe get more in bulk and weight, but you cannot get more service and satisfaction—that is sure.

The Palace Touring Car has 26-28 H. P. and weighs 2300 pounds. It runs so quietly and smoothly that you cannot hear the throb of the motor. It never jerks in starting. It has a sliding gear transmission, shaft drive and a speed of 40 to 50 miles an hour.

Will you come and see it?

If you are a busy business man and hesitate to take the time to come to us, perhaps we can send the car to you. At least telephone us and we can arrange for a demonstration at your convenience.

What Owners Say About the ROYAL TOURIST

THE BEST DEMONSTRATION I HAVE EVER HAD. THE ROYAL CAR TAKES ME TO THE CITY IN 10 MINUTES. THE ONLY CAR I CAN COMPARE IT WITH IS A 40 H. P. COLUMBER. I HAVE NEVER RIDDEN IN.

I think it is the best American Car built. THE CONTROL IS AS FLEXIBLE AS A STEAMER. 40 H. P. IT IS IN A CLASS BY ITSELF. I do not see how they can build such a car for the money.

I have ridden in a great many cars abroad and in my opinion the Royal is the best car I have ever ridden in. The Royal has the most advanced construction I have ever seen in any American car. I'll TAKE A FLYER ON ONE AND CAN'T SEE HOW I CAN LOSE.
